SB6508

DOUBLE COUNTING PROPOSAL 4

Proposal to permit Double Counting ANYWHERE in the Curriculum unless it is
Prohibited in the Catalog

Whereas UGC is considering a number of double-counting proposals,

Whereas current university policy is seen as confusing to many when trying to determine
when students can and can't double count courses, and

Whereas double counting would permit students more freedom of choice to fulfill their
undergraduate degree,

BE IT THEREFORE RESOLVED that the university permit courses to double count
unless there is a specific provision prohibiting it.

BE IT FURTHER RESOLVED that UGC ask its secretary to investigate catalog
language that will need to be changed to reflect this policy change and to advise UGC if
there are any issues regarding catalog copy of this policy change.

Approved by UGC 4-9-09 dl
